36 responses

13. Budget shortfalls to assist the District with education-related expenses due to COVID-19.

36 responses

14. Is there an area of importance that we've missed OR... something we've started since the pandemic that has benefited your child and you would like the school to continue?

3 responses

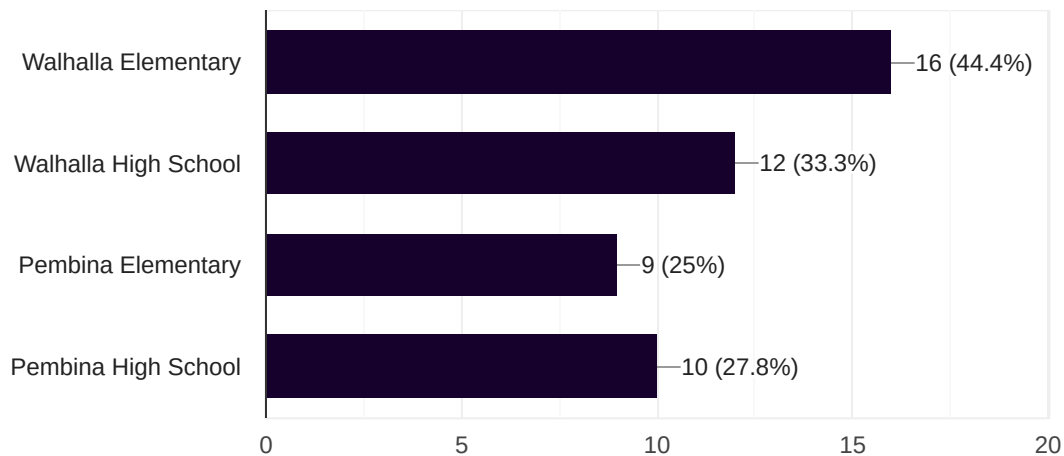

Allowing students to participate in class from home while ill or in quarantine should continue.

We like that there has been more grace given for students out due to illness. Not having to send questionably sick kids to school (and potentially infecting other students and staff) has been a big improvement. There were occasions in past years when we almost felt guilty keeping our children home due to illness.

Nothing

15. Our children in the North Border School District attend the following schools (choose all that apply)
